IP Address: 51.231.160.183

Steps

1

Preconditions:

Richard portal is populated with case data for a case with both Exceptions and Triggers present.

Note: running test '{251} BR7 R3.2-UAT-Wrong Offence or Court Code' will populate the reports with required data

2

Reports available on the portal:

All reports are present on the portal

Live Status Summary
 Live Status Detail - Exceptions
 User Performance Summary
 User Performance Detail
 Resolved Exceptions
 Live Status Detail - Triggers
 User Workload Summary
 User Workload Detail
 Available History Status
 Bail Conditions
 Warrants
 Domestic Violence & Vulnerable Victims
 Work Allocation (Area Code: 01)

3

Verify the following functionality for the following Richard7 Report available On-Screen

Where a reporting field contains multiple lines there is now a blank line in between each entry i.e there is a space between Trigger codes and Exception codes note entries

- Where a reporting field contains multiple lines there is now a blank line in between each item
 1. Select Reports (from the left hand panel)
 2. Select Live Status Detail - Exceptions
 3. Verify the on screen report 'Notes' field has a space between the Error codes & the Trigger codes

4

Verify the following functionality for the following Richard7 Report available via CSV

Where a reporting field contains multiple lines there is now a blank line in between each entry i.e there is a space between Trigger codes and Exception codes note entries

- Where a reporting field contains multiple lines there is now a blank line in between each item
 1. Select Reports (from the left hand panel)
 2. Select Resolved Exceptions
 3. Select a date range
 4. Select download CSV
 5. Verify the CSV report 'Notes' field has a space between the Error codes, Trigger codes and Portal actions
