Test Description :

A Bichard7 Regression Test verifying Identical Offence Matching where different Results are received and the Court Offence Dates are within the date range of the matching PNC Offence. Specifically:- Offences 1 and 2 are identical but the Results received from Court are not (Fines of different amounts are imposed as part of Sentencing)

The solution cannot automatically update the PNC since there is no way to uniquely determine which Result belongs to which Offence on the PNC and therefore an Exception is generated.

PNC Exception Update is generated and the Court Hearing Results with portal-added values (Offence Sequence Numbers) are successfully added onto the PNC.

Pre Update Triggers are created on the Portal.

Steps

1	Pre-conditions for this test have been met: New Case Message has been 'Sent to PNC' creating the Impending Prosecution Record* *See Host9 Screen shots folder for PNC tool details	All Pre-conditions as required in order to execute this test have been met
2	Court Resulting Simulation: Inject SPI Resulted Case Message via Test Console	SPI Resulted Case Message is successfully injected into the CJSE - check via Test Console
3	Verify the portal displays the appropriate 'Exception Reason': Exception ID = H0100310 x2 Exception Message = Multiple Court Offences with different Results match a PNC Offence	Portal displays Exception: H0100310 x2
4	Verify the below triggers have been raised: Trigger ID = TRPR0006 x1 Trigger Message = Defendant imprisoned - update custody history	Trigger record has been created on the Exception Portal
5	Update the Offence Sequence number values via the Portal and resubmit the message	Message is successfully resubmitted via the Portal
6	Verify the below triggers have been raised: Trigger ID = TRPR0018 x2 Trigger Message = Update offence date(s) on PNC	Trigger record has been created on the Exception Portal
7	Verify using the MTU PNC Test Tool (via a PNC Print request) that the Impending Prosecution Record has been correctly updated 2x 1002 Imprisonment 2x 1015 Fine Offence 1 = £100 Offence 2 = £300	Impending Prosecution Record on PNC has been updated correctly with Court Hearing Results passed on from the Bichard 7 application. PNC Print reflects the results sent from the Courts.
